

## Meeting 2

- Leaning towards mockup A
- Maybe tradition becomes a tab on Mockup A style
- Aesthetic is on point
- I like the little blurbs on the homepage about each one
- 2024 Field- too many golfers, not on the wikipedia
  - Can be removed, not necessary
- Hole by Hole breakdown- does not need a lot of info, just name, par and yardage
- For history page- I would prefer horizontal scrolling
- I like timeline idea, but I think that the scrolling is more practical
- I think the easiest way to break down the history would be into decade as opposed to picking out years
- Feel free to cut down the copy- some of the wikipedia is very repetitive so I feel like it is ok to block some
- Nav Bar: History, Augusta National, Traditions and Past Winners
- Try Nav bar as sticky
- Maybe change where to watch to Past Winners
- I think I like double serif
